More Than Just Birdsong

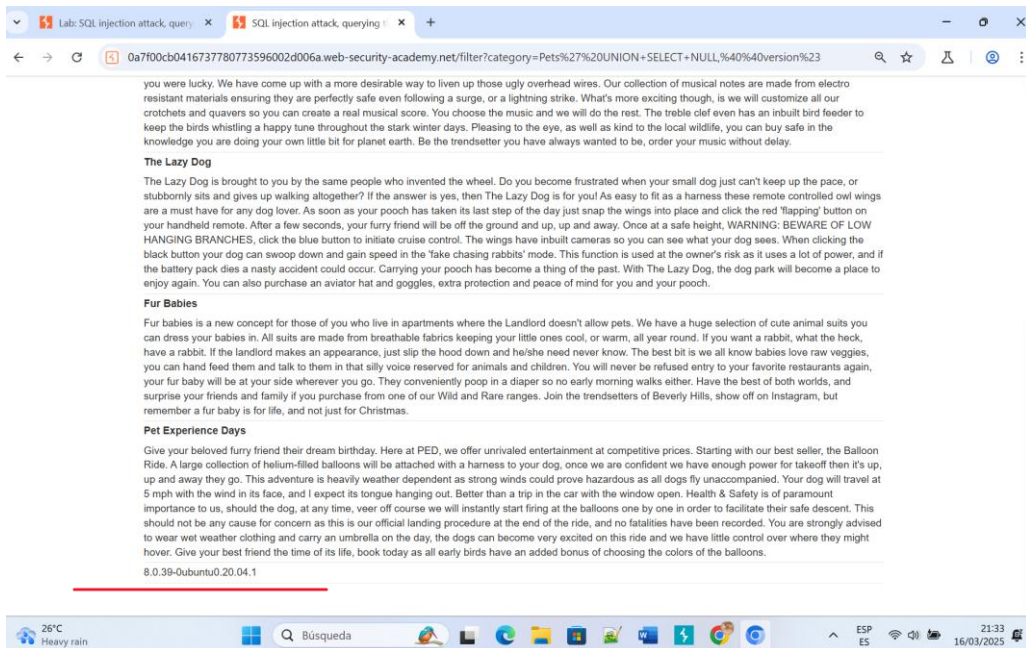

There was a time when the only decorations you would see on the wires of a wooden utility pole were socks and baseball boots; the odd colorful kite as well if you were lucky. We have come up with a more desirable way to liven up those ugly overhead wires. Our collection of musical notes are made from electro resistant materials ensuring they are perfectly safe even following a surge, or a lightning strike. What's more exciting though, is we will customize all our crochets and quavers so you can create a real musical score. You choose the music and we will do the rest. The treble clef even has an inbuilt bird feeder to keep the birds whistling a happy tune throughout the stark winter days. Pleasing to the eye, as well as kind to the local wildlife, you can buy safe in the knowledge you are doing your own little bit for planet earth. Be the trendsetter you have always wanted to be, order your music without delay.
